### **Nosetouch Press Releases the New Cover and Edition of Vampire Slayer Novel, *Suckage***

[Chicago] Nosetouch Press announces the release of its new edition of SUCKAGE, the darkly comic vampire minion memoir novel, written by D. T. Neal. The new edition features a new cover and interior design as well as an in-depth Q&A with the author.

“SUCKAGE endures as an innovative take on vampire fiction,” said Christine Scott, co-publisher and creative director of Nosetouch Press. “In the new design, I wanted to capture the impish spirit of the book, which tackles vampires from a place of emotionally abusive relationships and an irreverence toward vampirism itself.”

“I love vampires,” said the author. “They’re always entertaining, but I wanted to approach vampirism from a different angle, really to capture what I feel is the evolution of a vampire slayer—from a minion’s jaded perspective to freedom. Like what they might experience that would drive them toward becoming a slayer of vampires.”

“SUCKAGE offers both darkness and dark humor,” said Scott. “It’s funny, fun, and has some truly horrifying moments in it that continue to stick with you long after reading it. It’s a very satisfying and smooth bit of horror fiction that radiates a wry, urbane sensibility about the ramifications of undeath, immortality, and identity.”

Nosetouch Press is an independent book publisher tandemly based in Chicago and Pittsburgh, with a commitment to bringing classical book design and excellent fiction to readers.
