Nosetouch Press Turns Science Fiction on its Head with REALITY SQUALL

[CHICAGO] Nosetouch Press announces the launch of a new book by Jason Krawczyk, entitled REALITY SQUALL.

“I really loved the challenge of REALITY SQUALL, which contrasts the modesty of the human condition versus the entire scale of cosmic nihilism,” said author Jason Krawczyk. “The whole process made me feel like a kindergartener trying to write a thesis on advanced quantum mechanics, but it was at least a wonderful excuse for monsters. Trying to articulate why our lives matter in the grand scheme of things was humbling, but it gave me a cerebral sense of vertigo, and that’s always a rush.”

“REALITY SQUALL offers the kind of mind-bending weird science fiction narrative one would expect from the writer-director of HE NEVER DIED,” said Dave Neal, co-publisher and editor at Nosetouch Press. “Jason serves up a twisted tale of aliens, everyday people, and extra-dimensional intrigue in REALITY SQUALL.”

Nosetouch Press is an independent book publisher tandemly based in Chicago and Pittsburgh, with a commitment to bringing classical book design and excellent fiction to readers everywhere.

REALITY SQUALL will be available on August 13, 2024 in paperback and ebook formats.
